

green school

NEW ZEALAND

Join us

in creating an inspiring Green School
campus right here in Taranaki.

We are looking for volunteers to help us complete a
range of jobs on-site from August onwards.
Jobs will include those for skilled workers, along with more
varied jobs including planting and general labour.

If you would like to be involved in any way, please email
volunteerwithpurpose@greenschool.nz
outlining your experience, contact details and availability.

We look forward to hearing from you.
