WEBSITE: (www.volunteeringnewplymouth.org.nz)

We have just passed the 100 roles listed since we went live last year and there are currently 35 live roles – I am sure that there are many of you out there who are looking for volunteers and we can help with that – we now have several options to list your volunteer vacancies. We can also promote your website through our Links Tab – Check out our website and if

you don't see your Organisation / Club / Sports Group there and/or you have Volunteer Roles that you would like us to list please contact us, so that we can add your role. We have had many new volunteers register this year – in fact there have been as many in the first six months of this year as we had Jan-Dec 2019. So we have the traffic to our website that you and your organisation could benefit from if we had your vacancy listed. It is an easy process and the connections are also – so let us help you recruit.

We have set aside a time and date for a training session on 30th September, 9.30-11am to help you with the process – it is easy – this is an explanation and question time.

I visited three organisations this week and have received 14 new roles to be added once confirmed – so if you would like me to visit please call or email me and I will make time to help you.

Looking forward to catching up again soon
Kindest regards

Marie R [Marie Riordan, Manager]
